Reactive Dog Workshop
with Emma Parsons
May 4, 2019
9:00AM – 2:00PM

This 5-hour workshop allows for focused individual attention for 7 working teams. Emma will unfold the Click to Calm methodology in one session. Owners of overly stimulated dogs will put into practice the methodology in this real-life environment.

Owners will learn:

- 1. To teach the dog a reliable default behavior.
- 2. To teach the dog that the presence of the stimulus (“object of interest”) is the cue to look at the owner.
- 3. Learn to insert an alternate or incompatible behavior.

Click to Calm methodology negates the need to distract the dog or keep the dog “busy” when faced with these risky situations.

Foundation behaviors and emergency protocols will also be discussed.
